

THAW CONFIDENT HE WILL BE FREED

Expects New Habeas Corpus Proceedings to End in His Release.

FRIENDS ENCOURAGE HIM

Expects New Habeas Corpus Jury and Testify in Bribery Case.

[Special to The Times-Dispatch.] New York, March 2.—With the assembling of the March grand jury at the criminal term of the Supreme Court to-morrow, Harry K. Thaw will become the central figure in two investigations touching upon his release from Matteawan. While Justice Seabury is charging the grand jury which will inquire into the \$25,000 fund for Thaw's release from the State Asylum, Charles Kennedy, his latest legal adviser, will be putting the finishing touches to his plans for Thaw's legal discharge.

The name of the counsel who will be associated with Dr. Kennedy in this new effort to prove Thaw's sanity will be made public to-morrow, as will also some of the grounds upon which the court will be asked on Thursday to adjudge the sanity of Stanford White. Among the friends and relatives of Thaw there is an unusual feeling of confidence that this latest effort will result in the liberation of the millionaire defendant. Thaw himself is said to share this confidence, despite the assertion of Governor Sulzer that the prisoner would not be released during his term of confinement in the State Asylum. Thaw has a long talk with Horace A. Hoffman, his agent, at Matteawan this afternoon. He is eager for any test that may be put upon him, and is confident that the habeas corpus proceeding which has been instituted. He is eager also to appear before the grand jury which will investigate the fund, revelations concerning which resulted in the resignation of Superintendent Russell, of Matteawan.

It is learned that it was upon the advice of Dr. Kennedy that Thaw declined to testify before the Governor's committee of inquiry at Matteawan last Wednesday.

"I advised Mr. Thaw not to testify there," said Dr. Kennedy, "but he himself knew before being advised by me that it would be inadvisable for him to testify under the circumstances. He shall not object to him testifying before the grand jury, and I think that would do him a bit of harm."

As a matter of fact, no concealment is made by Thaw's friends of the fact that they would be very glad to have him testify before the grand jury, and there is a very strong belief on the part of some that even the suggestion, that he appear before the grand jury is a considerable point in his behalf. That the Carle committee was willing to take his testimony, it is urged, is evidence that the committee did not regard him as so crazy that his evidence would be worthless. The fact that the feasibility of calling him before the grand jury is being considered, it is urged, is evidence of a legal doubt of Thaw's insanity.

Another hard-fought proceeding is looked for, in any event, since Attorney-General Carmody has indicated that former District Attorney Jerome, who originally prosecuted Thaw, again will be retained to resist his liberation. The old battle of the alienists will therefore be waged once more. New and interesting developments are expected, however, since the counsel who have now been retained by Thaw are medico-legal experts.

John Nicholson Anhalt, whom Dr. Russell says is to be retained to declare Thaw sane, and who had been retained by Thaw on Dr. Russell's advice, has been eliminated from the case. Mr. Anhalt, who was to begin a new proceeding for Thaw's liberation, took the case on a \$25,000 contingent fee, half of which was to be returned, according to his sworn testimony, if Thaw was not out by January 1, 1912, and the balance to be returned if Thaw was free by June 1, 1913.

With \$10,000 of this fee still in Mr. Anhalt's hands, according to the latest statement, Thaw has now engaged new counsel to secure his discharge from Matteawan, before Mr. Anhalt has made any open move to that end. As late as last Friday Mr. Anhalt declared that he was still counsel for Thaw, though he admitted that he had not seen his client since the decision of the court in his investigation of the \$25,000 fee.

PAIDOR EXPECTED TO ARRIVE TO-DAY

[Special to The Times-Dispatch.] Danville, Va., March 2.—To-morrow morning at 10 o'clock the spring term of the Corporation Court will convene, with Judge R. W. Peatross presiding. The docket, while not an unusually long one, is one of the most important seen here for a long time. There are twenty-two cases to be disposed of. Four of these cases were carried over from the last term of court—William C. Cooper, being charged with the murder of J. B. Brooks, in July, 1911; John T. Hutson, charged with robbery; William S. Paylor, charged with embezzlement, and C. C. Snead, charged with the same offense.

Undoubtedly the greatest interest is centered around the trial of Paylor. While no news has been received here that he is on board the liner Vestris, which is due in New York to-morrow, it is confidently expected that both he and his guard, William S. Wilson, are coming in on that boat, for Wilson is under bond to appear before the court this session, and he has not made any request for an extension of his bonded period. Paylor, who is charged with the embezzlement of \$10,000, after evading capture for five months, was arrested in December last in Buenos Ayres. Much speculation is rife as to whether the woman whose name has been coupled in connection with Paylor's flight will be called as a witness. If Paylor fails to arrive during the term of court, it is not thought likely that C. C. Snead will be tried, as the judge's ruling at the last term of court indicated that the principle in the felony should first be tried, and then the accessory, which Snead is accused of being.

Besides the Cooper murder case, there is another George English, a local boy, being charged with the slaying of a negro named John Williams in his stable last month. English claims that the negro gave him the lie and he struck him on the head with a short piece of wood. The negro died twenty-four hours later in the General Hospital.

Mary Ann Thomas, a white woman, is undergoing the strange experience of being tried in the Mayor's court for the murder of her infant child by letting it die through lack of food, and now facing trial in the upper court for a misdemeanor charging her with neglecting her offspring.

The Commonwealth's attorney, after investigating carefully the evidence arrived at the conclusion that there was no malice in the deed and that the child expired largely through the ignorance of its mother, so he changed the indictment.

The remaining cases are made up of deadly assaults, car breaking, larcenies and other minor felonies.
